Answers to Frequently Asked Questions 

# Frequently Asked Questions about Northwest Exposures School Photography

- **What if I do not turn in the order envelope by the deadline?**

You will receive your order envelope soon. If the envelope is lost, or you don't receive one for whatever reason, extras will be available in the school office. Please get one and give it directly to the photographer. Also, feel free to contact us with any questions regarding the order form or ordering process.

- **What if my child is absent on the day photos are taken?**

We offer a retake session **Wednesday, October 25**. However, class photos are taken on the same day as the individual student photos. If your child misses the class photo, unfortunately he/she will not be included, as we are unable to retake class photos. However, if you can inform your teacher in advance of an anticipated absence on photo day, it may be possible to reschedule the group photo for a different day (with enough advance notice).

- **My child doesn't like having her picture taken, but I want a school portrait of her. What can I do?**

Our photographer and assistant have a lot of experience helping children relax in front of a camera. The key is to take the necessary time and allow the child to become comfortable working with the photographer. Sometimes, seeing other students have their photos taken, or getting classmates to engage each other, helps the process. Generally, the children find the picture taking stress free and often fun.

- **I have two (or more) children at the school. How do I pay?**

For our system to work smoothly, we ask that you **fill out a separate order envelope for each child**. However, if you wish to write a single check for both orders, please indicate that payment covers more than one child on the provided area on each order form you fill out.

- **What if I'm not happy with the photos I've received?**

We do our best to produce a high quality photograph in every way. At the same time, we acknowledge that parents and family members are often better judges of their children's expressions than we are, because they know their child so well. We want you to be satisfied with your school photos and offer the opportunity to have them retaken. However, to help us be aware of how to improve the photo, we like to understand *why* you feel it is less than successful so we can address the issue. Please contact us to schedule a retake session for October 25.

- **What if I want a different size photo than what's offered on the order form?**

No problem! We can accommodate your request, whether just a different size or a custom size to fit an existing frame or display. We do custom printing to any size, so let us know your wishes by indicating them in the 'messages' box on the front of the order envelope.

- **What if I need a frame to fit a nonstandard size print?**

Since our frames are custom cut, we can accommodate any print size.

- **What form of payment may I use?**

We're flexible. You may use a check, credit card, or even cash if you prefer.

- **If I have a question or want to share anything about my child with you, may I contact you?**

Yes, absolutely! Feel free to contact us with any of your questions, concerns, or comments.
